CITY OF HUDSON TREE PLANTING GUIDELINES

These city guidelines must be followed before you purchase or plant a tree in the city boulevard.

Diggers Hotline must be call at least 72 hours prior to digging any holes, 1-800-242-8511.

DISTANCES FROM:

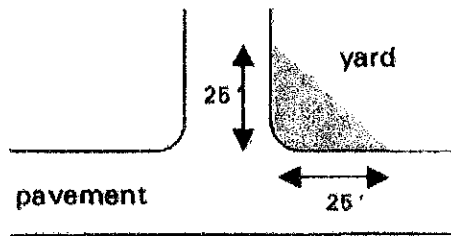

Water and fire hydrants
10-15'

Gas
5-10'

Street lights
20-25', depending on size of street light

Road edge
At least 20' to prevent conflict with snow storage and maintenance issues. No evergreens planted within 25' of road edge due to sightline issues, growth form, and pruning challenges.

Corner
Nothing over 2.5' high is allowed to obstruct views within 25' of the corner of the pavement (for sightline/safety).

Stop signs
25', but do not block; may offset from sign

Overhead wires
There are specific criteria. Ask Xcel Energy or check their website for guidelines.

Previous trees
Minimum of 5' from previous tree stump

Property lines
Be sure to give the tree room so that its mature canopy will be on your property. Do not restrict a neighbor's free use of their yard.

CITY OF HUDSON RECOMMENDED BOULEVARD TREES

Species	Height (feet)	Width (feet)	Shape	Fall Color
